*Do you have an idea?
We will protect it!*

The patent attorney law firm **Isenbruck Bösl Hörschler LLP** is well versed in all aspects of the protection of Intellectual Property. This includes, most notably, the prosecution, defence, and enforcement of patents, utility models, trademarks, and designs as well as consulting clients in drafting and negotiating license and cooperation agreements.

About Us

- ◆ Founded in January 2003 as a spin-off of one of the biggest IP boutiques in Germany
- ◆ Offices in Munich, Düsseldorf, and Mannheim, the major patent hot-spots in Germany
- ◆ More than 25 European and German patent attorneys and technology specialists
- ◆ Expertise in prosecution, opposition proceedings and litigation
- ◆ Intensive collaboration with general law firms in Germany on litigation
- ◆ Full services for the protection of IP in all technical fields, especially chemistry, biotechnology, mechanics and IT
- ◆ Clients include major companies as well as universities, small and medium size companies and start-ups
- ◆ Ranked annually in JUVÉ, Chambers Europe, Chambers Global and recently also in IAM Magazine and MIP World IP Survey & IP Stars
- ◆ Client-oriented, thorough, creative and legally sound
