European Biopharmaceutical Enterprises (EBE) is the European trade association that represents biopharmaceutical companies of all sizes operating in Europe. EBE was established in 2000 as a specialised group of EFPIA and is headquartered in Brussels. EBE actively promotes a favourable economic, business, scientific and regulatory environment for biopharmaceutical in Europe and also provides a wide range of value-added services to its 66 member companies. Membership in EBE is open to all companies using biotechnology to discover, develop and bring new medicinal products to market.

Business Wire

The Biotechnologie-Industrie-Organisation Deutschland (BIO Deutschland) with offices in Berlin is the independent organisation for German biotechnology companies. The association is developing and supporting an innovative industry in Germany on the basis of modern life sciences. Founded in October 2004, BIO Deutschland currently has 200 member companies. To support its members BIO Deutschland is active on a wide range of measures like lobbying, public relations, or offering business development opportunities. BIO Deutschland is governed by a Board of Directors made up of 10 CEOs, CFOs and Managing Directors of companies that represents widely the German biotech sector.
